# Custom software, your way.

With our team of in-house programmers, we can work with you to create any solution that you need.

- **Integrations** (including accounting, eCommerce, CRM, and shipping)
- **Software Add-Ons** (for Microsoft Dynamics RMS and the Pomodo POS)
- **Customized Modules** (for our Pomodo Tech Software)

## Personal Consultations

We'll take the time to understand your business process and find out exactly what you're looking for when it comes to custom software.

## Interactive Development

We put you in the driver's seat throughout development as an active participant in the design and testing of your software.

## Work with our Programmers

Our programmers are in-house, allowing us to offer you the opportunity to interact with the actual people responsible for the development of your software. No outsourcing.

## Open Innovation

We value innovative ideas that not only you, but many of our customers can benefit from and competitively price our custom programming accordingly.

## About Us

Smart software for business. ADI provides and supports solutions from Point of Sale Systems to Warehouse / Inventory Management and Order Fulfillment Systems.
