SMART SOFTWARE FOR BUSINESS.

PCI 2.1 Certified Payment Terminal

Product Overview

The ID TECH Sign&Pay is a PCI 2.1 certified payment terminal with an integrated MagStripe reader, PIN Pad, and LCD signature panel. It provides excellent card reading performance as well as a bright, easy to read screen. An optional, external contactless reader module can also be attached to the device for hardware upgrades.

Ease of Use

The user can swipe MagStripe cards and enter PIN numbers or author signatures for transactions. The large color LCD screen makes on-screen navigation easy with the stylus.

Well-Designed Package

The screen is uniquely positioned at the bottom of the device for a better signing experience. The PCI 2.1 certified PIN pad is recessed to provide maximum privacy. The Sign&Pay can be mounted on a stand or placed on a countertop. The compact form factor also enables handheld use. Sign&Pay is ideal for all businesses that accept credit and debit cards!
